

THE WONDER OF MUSIC AND MOVIES

Grades 3-6

Log In

What is your favorite style of music? Which music style did you choose at Log In?

Signal Stations

What are some of the effects you can use to edit your picture from Log In?

When you send your picture to the big display, you are (circle one) capturing/
processing/ transmitting digital information.

Anytime Anywhere (Ramp)

Kodachrome film first appeared in 1935, making what kind of photography instantly popular?

HDTV Studio

Where in the HDTV studio is the *teleprompter* located and what is it used for?

Describe the story your team reported on during your broadcast.

Animation Studio

In "Create a Character," what is your character reacting to in the story?

What can you do to your character's face to change their expression?

Dance Motion Capture

What areas of your body are the cameras in motion capture pod tracking?

Movie Maker

What vehicle did you choose to help the two characters in your trailer escape the villain?

What other title would you give your movie trailer (other than the options you were given)?

Music Mixer

Which instruments were listed under the percussion group? Name some of the other instrument groups.

What were some ways you edited or re-mixed Alicia Keyes' song?

We hope you enjoyed your visit to Sony Wonder Technology Lab!
